The Board agreed to have another meeting next Wednesday June 9, 2010 to approve any more Motorcycle Week Applications that come in.

There was a discussion with the Board Members on how we should be handling licensing with the use of City Properties with the Parks & Rec. Department because many people are using the concession stands and they should be licensed as Itinerant Vendors; The Licensing Clerk will be in contact with the Parks & Rec. Department and will be writing something up along with the City's Ordinance that the Parks & Rec. Department can forward onto the applicants that they give permission to use the various sites and they can post it at their office as well.

Adjournment- Motion to Adjourn by Chief Moyer seconded by Chief Erickson Adjourned
